LOOKING FOR A PLACE TO BEGIN?

Maybe you should look into Peace Corps and VISTA. Peace Corps and VISTA Volunteers are people pretty much like you. People with commitment and skills who have assessed their lives and decided there must be more to life than just holding down a job.

The problems our Volunteers deal with both overseas and here at home aren't new. Such as the cycle of poverty that traps one generation after another because they're too busy just holding on to get ahead. The debilitating effects of malnutrition and disease. Education that's either too little or none. Skills that are lacking and the means to get them, too.

Your college training qualifies you to handle more of these problems than you might think. Such as teaching nutrition and health practices. Organizing communities to work on problems ranging from neighborhood stop signs to utility rates and tax reforms. Advising small businesses. Introducing better agricultural techniques. Building classrooms and roads or working on reforestation programs. The number of jobs to do is nearly as great as the number of Volunteers who have served since 1961--over 150,000.

The pay is nothing to write home about, but there's one thing we CAN promise you. There will be plenty to write home about.

Look int the Peace Corps and VISTA. There's no better place to begin.

Peace Corps/VISTA Recruiters on Campus
Mon. thru Wed., April 17--19, 9 a. m. -- 3:30 p. m.
Information Table, Foyer, McHenry Library
